

Dear Grade 2 Parent,

Today your grade 2 student wrote a practise test on the classification of animals. They will have brought this test home. We will be writing the actual test next week, it will be very similar to the practise. The test will be open book, so they will be able to use the animals booklet we have been working on over the last month.

If you have any questions, please do not hesitate to e-mail me.

Mr. Collinson
