

Name: _____

Class: _____

What is matter?

space	weight	senses	S,L,G
-------	--------	--------	-------

Examples of matter:

--	--	--	--	--

What is a solid?

shape	no change shape
-------	-----------------

Examples of solid:

--	--	--	--	--

What happens if you break a solid?

pieces	still solid
--------	-------------

What is a liquid?

no shape	shape of container
----------	--------------------

Examples of liquid:

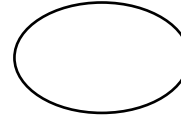

--	--	--	--	--

Safety symbol recognition:

poisonous	corrosive	flammable	explosive
-----------	-----------	-----------	-----------

Notes:

Grade:
