# What's in Soil?

## Equipment:

- Newspaper
- Soil
- Magnifying Glass
- Toothpick

## Procedure:

1. Cover your work area with newspaper.
2. Spread your soil on the newspaper.
3. Look closely at the soil (use your magnifying glass).
4. Sort the soil. Use your toothpick to move pieces into groups.
5. Draw pictures of the groups you have made (Observations).
6. Answer the questions at the bottom of this page (Discussion).

## Observations:

## Discussion:

1. What did you find in the soil? Make a list of the things you found.

---

---

2. What did you find the most of in your soil?

---
