

Grade 7 Science

Unit 2: Ecosystems

Ecosystems Unit Test

- Please sit at the end of one of the desks.
- Place all of your belongings, not needed for the test, on the back counter, not in the desks.
- You are expected to **stay in your seat**, raising your hand if you need me.
- You are required to **stay silent** for the entire period, speaking only to me, and only in a whisper.
- While writing the test, if you do not know a question, skip it and move on. Draw a star beside the question so that you remember to come back to it.
- You will have three periods, so you should get through at least one page, front and back, per day.
- If you finish your test, **check the "Test Complete" box** at the top of the first page.
- When complete for the day, place the test in one of two piles - "Done" or "Not Done," then return silently to your seat and work on something else.
- At the end of each period I recommend that you look through what you have left, so you know what to study.

Ecosystems Unit Test

Please recall that your binder will be due next period. All items are expected to be in the binder, in order, and complete.

Some of you will finish early next period, please make sure you have prepared for this by bringing some work to do (non-digital) or a book to read.
