

John T. Tuck Public School
Outdoor Classroom Notification & Permission Form

Please keep this portion handy for reference

To parents of class: Grade 7 Students

An in school activity has been planned to: The stream at the back of the school.

This ties into the program of studies in: Science (Interactions in the Environment.)

The purpose of the activity is to: Take and analyze an ecological sampling, supporting our study of ecosystems.

Date: Thursday October 12th 2017 Cost per student: Free

Departure Time: 9:15 am Return time: 10:55 am

Method of Transportation: Walking

Volunteers Needed: Not necessary, but would be welcomed.

Teachers involved: Mr. Collinson plus 3 supervisors both periods

Other: Students may bring a spade for digging and a camera/phone AT THEIR OWN RISK
Spades are to be labelled with last name, and stored in Mr. Collinson's room for the day.
Students will be permitted to cross the creek, and most end up getting wet. I strongly recommend bringing an old pair of shoes/boots, and a change of clothes.

Reminder: All volunteers need to have a Police Record Check on file in the office.

Coordinator: Mr. Collinson Principal: Ms. Priestner

NOTE: Please understand that an activity of this nature may involve extra hazards beyond those of normal school routines. Your reinforcement of the counselling given at the school about the need for extra care and co-operations will be sincerely appreciated.

Please detach and return the bottom portion to the school before:

I give permission for my son/daughter named below to participate in the following activity:

Ecological Sampling Date of trip: October 12th
