

THE SLEEP-RIGHT PILLOW

Have you ever woken up with neck and or back pain and headaches?

Does your pillow just not feel “right” for you?

Then the answer to your problem is the new **SLEEP-RIGHT PILLOW!**

We **GUARANTEE** that this pillow will allow you to sleep in the position that is just “**right**” for you... and you will enjoy a more comfortable sleep with the advanced “cool-gel” comfort foam.

So get ready for the sleep that you have been looking for.

Ergonomic Design Features: The SLEEP-RIGHT PILLOW has been designed to allow you to sleep on your back or side keeping your spine perfectly aligned in comfort. Our unique wedge extension keeps your back supported and the cervical contour maintains the natural positioning of your neck. The “side cavities” provide flexible cushioning promoting jaw comfort.
